TITLE: Bounty records

DATES: 1904-1927

ARRANGEMENT: Numerical

DESCRIPTION:

To eliminate predator problems within the county a bounty system was established to pay hunters to kill specific animals. Each hunter needed to bring the skins to the auditor's office within 60 days of the kill. The skins were individually priced and payment was made upon receipt.

TITLE: Election registers

DATES: 1914-

ARRANGEMENT: none

DESCRIPTION:

These books are the official listing of all registered voters in the county for the primary and general elections. There is a booklet for each election district in the county. "A person may not vote at any election unless that person is registered to vote as required" by law (UCA 20A-2-102 (1995)). The registers' columns provide for the following entries: "registered voter's name; grounds for challenge; name for person challenging a voter; ballot numbers [for] primary, November, bond [elections]; date of birth; place of birth; place of current residence; street address, zip code; and space for the voter to sign his name for each election" (UCA 20a-5-401 (1995)). These lists are used at the polls by the election judges to identify registered voters and to record ballot numbers on election day. After the election day they are used for comparison when canvassing for elections.

SERIES: 6688

4

TITLE: Marriage applications and licenses

DATES: i 1887-

ARRANGEMENT: Numerical by marriage license number

DESCRIPTION:

The first two reels of this series consists of marriage licenses filed with the county probate court clerk. Beginning in 1888, an application was filed first. Then the marriage license was filed with the application. Later, they moved to bound volumes of applications with the license attached. These are original applications and licenses with original signatures. The series was assumed by the county clerk when the probate court was abolished.

Information on applications gives family history data: dates and places of birth, number previous marriages, parents' names, etc. The license includes names, addresses, and ages of bride and groom; date and number of license; date of marriage; title and signature of person performing the ceremony; and signatures of bride, groom, witnesses, and county clerk. If permission was required for the marriage of minors, that too was recorded.

Entries were numbered consecutively from number 1 beginning in 1887. In 1905, the clerk started over again with number 1.

Renumbering was begun yet again in 1974; printer error in creating the forms accounts for the apparent gap between 1000 and 1801. In 1977, they chose not to use numbers 27385-27999. In 1983, renumbering was begun once more.

TITLE: Marriage license index books

DATES: 1887-

ARRANGEMENT: Numerical or chronological by volume indexed, thereunder alphabetical by bride and grooms's surnames

DESCRIPTION:

These books index the record books and the application and license books kept by the Salt Lake County Clerk. Each indexes a certain volume or date span. Within that framework, a license can be accessed by either the man or woman's name. For each name, the record book and page number is given (series 4000) and the license number (series 6688). Record books were no longer kept after 1952, so the indexes after that point just index series 6688.
